

TACTIC STRATEGIC PLAN

2024 - 2027

Our purpose.

We are an independent member-driven organisation that fast tracks the linking of local supplier capability to major project proponents, and we support their success through supply chain integrity. With our extensive industry links we are a trusted source of regional intelligence to all levels of government and business.

We are experts in connectivity.

Our objectives.

1. To be an independent association representative of its members.
2. To enhance avenues for local participation within the regions it operates.
3. To support connection between the local supply chain and significant project opportunities.
4. To be a reliable enabler of regional connection.

We will achieve this by:

1. Ensuring we have capability, capacity and strategy to deliver for our members.
2. Maintaining our regional focus and continue to recognise that our unique value proposition is that we are of, from and for the region.
3. Developing, maintaining and evolving our key relationships and fee for service opportunities.
